Bringing living and outdoor spaces
together **flawlessly**

U-value
Down to
1.5 Wm²K

The greenest credentials

All of our doors exceed the Government's energy efficiency targets. Helping to keep your home insulated.

Introducing the Crown Patio and Residential Doors

The Monarch name is synonymous with the very best in door design and our latest Crown sliding patio doors and residential doors are no exception. Your new Crown doors will be an investment that will give long-term durability and value.

CROWN: SLIDING PATIO DOOR

Our Crown sliding patio doors are the key to bringing the outside and inside together. Engineered for strength, stability, performance and aesthetics, these wide opening doors let you enjoy the best views and, with our strong yet slim frame design, the light floods in too.

Sliding patio doors can be made up as 2, 3 or 4 panes up to a maximum width overall of 6408mm and height of 2500mm.

Our sliding patio door is available in Dual colour and handles can match in style and finish with the Crown window and residential door.

- ✓ *Traditional design with slim sight lines*
- ✓ *Multi chamber aluminium profiles for strength in tall door situations & improved thermal performance*
- ✓ *Stainless steel track and wheels giving easy glide operation for all weights*
- ✓ *Virtually maintenance free*
- ✓ *Dual colour available*

HARDWARE

Styling is all about taking care of the details and the handles of your windows and doors have been as carefully thought through as every other aspect of the Crown system. New hardware finishes polished gold and polished silver are now available.

KEEPING WINTER OUT

With multi chamber aluminium profiles Crown doors can provide superior thermal performance just when it matters most. Crown doors can achieve a 1.5 U-value surpassing the requirements of the recently revised Building Regulations Part L 2010.

CROWN: RESIDENTIAL ENTRANCE DOOR

We brought all of our design expertise to bear to create a modern classic – elegant doors, made from the most durable and strong material offering long-lasting and highly secure performance. We know there is no better door for your home and we know you'll love them as much as we do.

Our single and double French entrance doors have been designed to fit in anywhere around your home with 'front' and 'back' door options. Whichever you choose you can be assured that when you lock your doors they will secure your home every time.

- ✓ *Traditional design with slim sight lines*
- ✓ *Low threshold option available*
- ✓ *Virtually maintenance free*
- ✓ *Split spindle handle operation option available*
- ✓ *Dual colour available*
- ✓ *Multi chamber aluminium profiles for strength and thermal performance*

HANDLES

Designed and manufactured by one of Europe's leading brands of door and window handles, we offer an extensive and imaginative range of handle colours that complement or contrast with the frame colour you choose.

DUALSECURE

DUALSECURE is a unique and innovative modular locking system providing progressive levels of security as required. The system consists of our tried and tested 3 hook multipoint lock, with 5 lever auxiliary lock and/or shootbolt options.
